

This form may be found on EPA's Web site at [http://www.epa.gov/ozone/record/downloads/EssentialUse\\_ClassI.doc](http://www.epa.gov/ozone/record/downloads/EssentialUse_ClassI.doc). EPA will then compile each company's responses and complete the U.S. Accounting Framework for Essential Uses for submission to the Parties to the Montreal Protocol by the end of January 2011. EPA may also request additional information from companies to support the U.S. nomination using its information gathering authority under section 114 of the Act.

EPA anticipates that the Parties' review of MDI essential use requests will focus extensively on the United States' progress in phasing out CFC MDIs, including education programs to inform patients and health care providers of the CFC phaseout and the transition to alternatives. Accordingly, applicants are strongly advised to present detailed information on these educational programs, including the scope and cost of such efforts and the medical and patient organizations involved in the work. In addition, EPA expects that Parties will be interested in research and development activities being undertaken by MDI manufacturers to develop and transition to alternative CFC-free MDI products. To this end, applicants are encouraged to provide detailed information on these efforts. Applicants should submit their exemption requests to EPA as noted in the "Addresses" section above.

The Office of Management and Budget (OMB) has approved the information collection requirements contained in this notice under the provisions of the *Paperwork Reduction Act*, 44 U.S.C. 3501 *et seq.* and has assigned OMB control number 2060-0170.
